All 15 seats on the Board of Directors - eleven from the four areas of Southwest, and a president, vice-president, secretary and treasurer will be filled at elections in Waterside Mall the weekend of March 25-26.

The address of the S.W.N.A. is P.O. 70792, Washington, D.C. 20024.

## ANC Against Rent Increase

SW/SE Advisory Neighborhood Commission 2D has asked the D.C. government to deny a rent increase that would make one bedroom apartments at 800 4th St. S.W. rent for over \$980 a month.

The apartments - now called Oakwood Apartments, but formerly known as Capitol Park International, is being advertised as "adult communities" for rent furnished or unfurnished, month-to-month or with 6 or 12 month leases to be paid by American Express, Visa, Diners and Mastercards.

"Corporate apartments available," says the ad.

The ANC points out that the SW Urban Renewal Plan called for middle-income housing not luxury housing. Also the ANC points out that barring families with children from renting in 800 4th St would be discrimination against the law.

Park Property Limited Partnership owns 800 4th St. Oakwood Apartments advertised in the Washington Post include addresses in the following areas: Alexandria, Landmark, Falls Church/Arlington, and Tysons Corner, as well as 800 4th SW.

S.W./S.E. youth dressed up and had a good time at Halloween parties. More photos p. 6, 7, 8.

## Police Citizens Advisory Council Elects Officers

Re-elected officers of the First District Police Citizens Advisory Council are Chair C.W. Hargrave, Secretary Dee Atwell-Strawser, and Treasurer Fairy Armstrong.

James Berry was elected Vice Chair. Retiring vice chair is Carol Caldwell.

At an earlier meeting the U.S. Probation Office was represented by Lettie Mathews and Thyra Benott, who explained probation, parole and split sentences.

New federal sentencing guidelines will eliminate parole within 7 or 8 years. Persons sentenced for federal crimes will serve their entire sentence without "good behavior and good time".

The District of Columbia may adopt some of the federal guidelines to cover D.C. offenses.

The First District police hope that they will win the citywide competition for a reduction in crime in 1987.

Installation of officers will be at the regular monthly meeting the first Tuesday in January - Jan. 5 at 7:30 pm.

## Fed Employees Give, Give, Give

With two more weeks to go in the Combined Federal Campaign, federal employees are doing an excellent job of giving and pledging to a large number of charities.

Already over the top are the Department of Transportation and the Environmental Protection Agency.

The Military District of Washington, with a goal of \$230,000 was at 50% when the picture above was taken and had reached 81% as The Southwester went to press.

"Melvin Pickett blocked a punt and returned the ball six yards for a touchdown with 45 seconds left to give the Maine Central Institute Postgraduates a 21-14 victory over the Colby College junior varsity at Waterville, Maine." (A newspaper story in Maine).

Another story with the headline "Postgrad football team may be MCI's best team in many years," Melvin Pickett, former Wilson High School student and Southwest resident is mentioned:

From 18 to 30 youth age 8 to 18 showed up for tennis instruction held several times at Jefferson tennis court. The Washington Area Tennis Patrons Foundation sponsored the program.

Instructions will start up again in April.

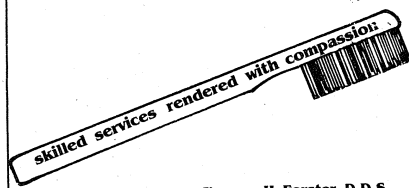

The foundation has its 12th annual awards luncheon January 11, 1988 at the Four Seasons Hotel in Georgetown. The tickets are \$30. Call 328-3636 for reservations. Bobby Riggs will be honored.

Eric Caffee and Ray Tracy are at the weigh-in for Club No. 4's 125 lb. team before the citywide playoffs. No. 4 won on a forfeit because the other team couldn't field a team under the weight limits.

Unfortunately, the citywide championship game was forfeited by No. 4 the next week because two players failed to show. Officer James Watkins of Club No. 2 is tending the scale.

## S.W. Youth Task Force Seeks Coordinator

by Barbara Hurlbutt

A coordinator is needed by the Youth Task Force of the Southwest Neighborhood Assembly to help with its summer employment program for young people.

The summer employment program trains youth for work in a series of Saturday morning orientation sessions and lines up jobs through Task Force contacts and the Mayors' job program. In addition, a counselor is available to each participant in the program.

Since it began in 1982, the program has succeeded in motivating, training and encouraging hundreds of Southwest young people to develop the skills and

attitude that make for success on the job.

The program coordinator gains invaluable experience in working with youth ages 14 to 20. The part-time position begins in April and ends in August. Office hours are negotiable from April to June. During the period of youth employment, mid-June to mid-August, the coordinator maintains regular office hours — 9 am to 5:30 pm.

## MORE RAPS

by Antonio  
Washington

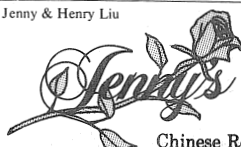

Life has changed all through the eighties. The fellows hustle to get a fine lady. They gamble and hustle day and night, They don't call a quit 'til the next sunlight.

Drugs are here and drugs are there, PCP is everywhere. Drugs come at all different costs. Hustling can be deadly when you take a loss. That's about the time you'll be owing a bill, You have to pay on time or you'll be killed.

You think about your life and start to pray. Oh God! Oh God! Help me, Okay? His time ran out and things were a mess. He was found in an alley with a bullet in his chest.

I'm not a hustler, and I'm drug free. I'm the top rated rapper Southwest Tony.

## Social Security Number Required For 5 Year Olds

People who intend to list dependents age 5 or older on their 1987 Federal tax returns must show Social Security numbers for those dependents.

A call to the D.C. office of Social Security - 352-0447, will start the process. A zerox copy of a U.S. birth certificate gives evidence of age and U.S. citizenship. A copy of any record from day care or school or a doctor or clinic (such as a shot record) will satisfy the requirement of "identity." Any records you send to Social Security will be returned to you.

Your new card will be in the mail within two weeks.

Calling 1-900-410-INFO gives you a taped message (with an 85¢ charge on your phone bill).

You can talk to someone about it by calling 1-800-533-0105.

Application forms are at some libraries.

## George Richardson Leads In Scoring

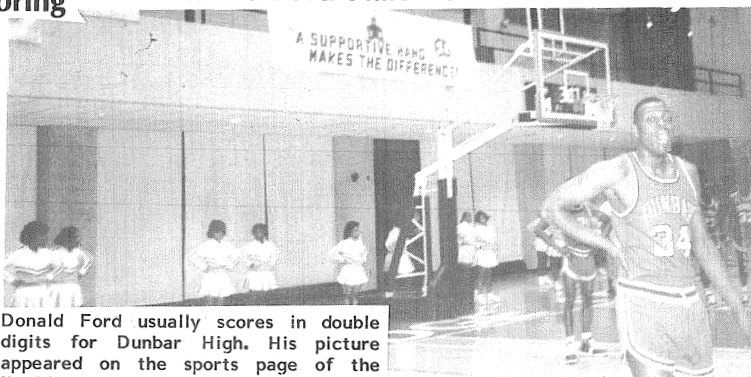

—By Resial BayBay Shannon

George Richardson, Wilson High Senior, is making a name for himself as varsity starter forward on the Wilson basketball team. Earlier in the season he was leading scorer in the Interhigh League.

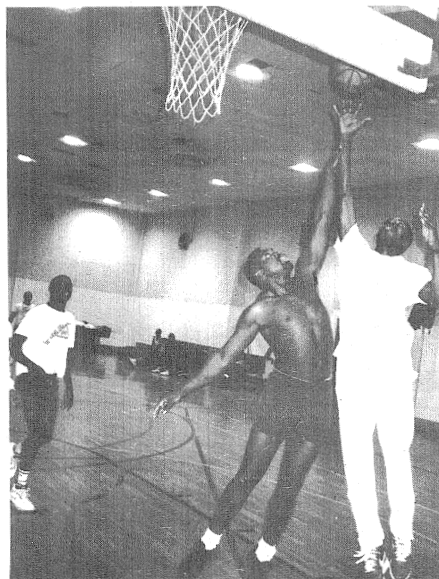

His quick first step enables him to get off a nice soft jump shot, inside or outside. He has electrified the crowd by scoring with his jumps from three point range.

A resident of the 900 block of Delaware Avenue, George played basketball at Jefferson Jr. and was an excellent tight end on Club 4 football teams.

## Donald Ford Stars At Dunbar

Donald Ford usually scores in double digits for Dunbar High. His picture appeared on the sports page of the Washington Post on Jan. 13, 1988.

## SWNA Election Needs Candidates

Suggestions for candidates for officers of the S.W. Neighborhood Assembly are still being received by the nominating committee chaired by C.W. Hargrave.

All slots are open each year. In addition, some of those now holding office have indicated they are not running, so suggestions and volunteers are definitely needed.

Phone C.W. Hargrave at 554-8284 or write to the SWNA P O Box 70792, Washington, D.C. 20024.

## SWNA Meets Jan. 28

A joint Townhall Meeting of the SW/SE ANC 2D and the Southwest Neighborhood Assembly will focus on property taxes in S.W. It will be held at 8 pm on Thursday, Jan. 28 at St. Matthews Lutheran Church, 222 M St. S.W.

The D.C. Assessor is expected to answer questions.

Four separate areas of Southwest each elect their own Board members to run the Southwest Neighborhood Assembly.

Area 1 elects 2 and the others elect 3 because they have larger population. Officers elected at large each year are President, Vice-president, Secretary and Treasurer.

## Editor Apologizes

The January issue of *The Southwester* contained a remark about "Attractive girls" that appears racist.

The young man who wrote it didn't regard it as such, but I as editor should have edited it out anyway.

As one reader wrote, "I find this offensive, and at the least insensitive." I agree.

I apologize.

Michael Saunders, who died January 1, 1988, at age 19, appeared frequently in **The Southwester** in the early 1980s as an active youth.

At Syphax he was on the basketball team and won a trophy. He had a trophy for playing football for Club 4 MPB&GC.

When he was a junior high school student the **Southwester** carried a story of Michael starting a fishing club that would fish early Saturday mornings from the statue by Ft. McNair along the Southwest waterfront to the tidal basin. They hoped to have contests and prizes for bass, perch and catfish fishing.

When he helped with paste-up of **The Southwester** he was listed in the newspaper's masthead as a production assistant.

His summer jobs included working at Harbour Square and an office job arranged for by the S.W. Youth Activities Task Force.

He had attended Jefferson and Langley Jr. High Schools and Wilson High School.

His friends say he was a Redskins fan, enjoyed dancing, tennis and the movies. His favorite singer was Anita

## WWA For 1-Day Riverfest

The Waterfront Washington Association has asked the city to limit Potomac Riverfest to one day in Southwest, instead of the two days recently announced.

WWA cited the "enormous financial and logistical problems" caused by Riverfest.

A letter from George F. Riseling, WWA president, to William Johnson, Director, D.C. Dept. of Recreation, states, in part:

"Waterfront Washington Association was deeply startled to learn that Riverfest 88 is now scheduled for two days in Southwest....

"One day of Riverfest is enough. The financial and logistical problems it causes are enormous. We are very unhappy about this situation, and feel we are perfectly reasonable in our position.

We have many suggestions about how to make a rewarding one-day event which highlights our river. But as we were excluded from the planning process, we have not had the opportunity to voice them...."

Riverfest is held on separate days in Anacostia Park on the Anacostia River, in Georgetown on the Potomac River, and Southwest on the Washington Channel.

## Cherry Pie Honors George Washington

Cherry pie for local school children is always a feature of Ft. McNair's celebration of George Washington's Birthday.

Performances by the U.S. Army Band "Pershing's Own" and units of the Third U.S. Infantry (The Old Guard) Fife and Drum Corps and Commander-in-Chief's Guard are included.

## 203, Not The Place To Be

-by Tony Washington

This is the story about 203  
Its the place where hustler, gambler  
and rappers meet.

203, 203, 203

Not the place to be.

I went to 203 to see my best friend.

I jumped out of my Mercedes Benz.

When three junkies walked up to me.

There was a black, a white, the other  
crazy.

The black junkie said, My name is Spark,

I love your fresh Gucci socks.

The white junkie said My name is Moe,

And he couldn't keep his hand off my  
bankroll.

The crazy junkie said My name is Ping,  
and he kept his eyes on my diamond  
ring.

I thought they wanted to conversate,

Then they all pulled out a six-shooter  
tray-eight

Three junkies I ought to thought,

They wanted to rob me. Would I get  
caught?

I stod in 203 and tried to concentrate.

I tried to think of a way for me to escape.

My cousin not in sight.

Only one thing to do.

**CREW:** You mean you ran, Tony?

**Darn right,** I flew.

Up First Street and through the alley.

I was messing up my fresh new Bally's,

But I don't care, I wouldn't be their victim.

Oh, no. Not me, as long as I have feet.

So I dipped over to Half St.

Around the corner,

Past the brick house.

And right in back of me.

Drooling from the mouth.

Yes, the three junkies in high pursuit.

And all of a sudden they began to shoot.

I flounder, I flounder,

All the shots thunder.

**CREW:** Where did you run?

That's what I wonder.

So confused, my head still in the wind.

A sign up the street that read, "Dead

end, end."

Now here they came,

Just as plain as day.

Running down the street,

Like three the hard way.

I approached the sign.

Their temper grew.

The junkies yelled out:

Yo! Dammit don't move.

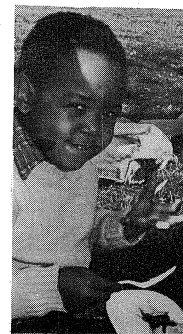

They continued strong,

Like the quiet storm.

Lover boy,

We want everything you've got on.

203, 203, 203. Not the place to be.

## Electric Bills Too High

Frederick D. Dorsey, People's Counsel for D.C. says PEPCO rates should be lowered \$20 million, not raised \$40 as requested by the power company.

PEPCO proposes to build its first new power plants in ten years at Benning Road (in the District) and at Dickerson, Md., for a total cost in excess of \$2 billion.

New head of the Community Relations Division, Inspector Melvin Clark, was introduced.

## Display of Street Guns

A retired officer George Wilson shoed a display and lecture on guns that had been confiscated on the street. Typical street cost was from \$400 to \$1,400 per gun, often brought in from Texas, Miami, New Orleans and New York.

In the first two months of 1988 police have taken off the streets 59 guns in the First District - which compares with 115 taken in the Seventh District - the S.E. or Anacostia area.

Detective Finkelberg gave a lecture on the economics of cocaine sales and the physical reaction and tragic consequences of drug use. Reaction from PCP may be months after last use.

## C-R ZONING PROPOSALS VIEWED FROM FORT McNAIR

### Defense University, Ft. McNair Oppose Buzzard Point Highrises

Prepared by National

### ANC Opposes Buzzard P

A 13 story building to be built on vacant land on Buzzard Point was opposed by Ft. McNair and the War College at hearings of the D.C. Zoning Commission and of the National Capital Planning Commission.

The 130 foot high office building/apartment complex being proposed by Riverside Associates would tower above the houses on the East side of Ft. McNair. (See drawing, p. 6-7 inside)

The SW/SE Advisory Neighborhood Commission voted to oppose the new construction too.

The National War College and the Industrial College of the Armed Services are located at Ft. McNair. "One hundred seventy classified conferences, lectures, wargames..." are held each year at Ft. McNair involving "one thousand VIP visitors (senior executive service, generals, ambassadors...and five thousand other high level GS-15, COL) visitors each year," according to Col. Michael S. Alba, USAF, speaking for the National Defense University.

Post Commander Col. Bagnerise opposed the new construction on grounds of

- 1) Security
- 2) Social impact
- 3) Traffic.

"From a vantage point overlooking Ft. McNair" in the proposed 130 ft. building "electronic surveillance" and "potential terrorists" could have a "clear field of view - and clean field of fire -" of activities at Ft. McNair, according to Col. Bagnerise.

Military activities - including drilling and exercising troops and firing of the cannon at 6 am and 5 pm - already bring complaints from "neighboring residents who are more remote from the post than would be the case with the proposed development," according to Col. Bagnerise.

2nd Street is already saturated with street parking from Buzzard's Point office buildings and residents, says the Col. The 1,000 off-street parking places proposed for 2,500 new residents and 900 parking places planned for the projected 6,420 employees in the high rise office and commercial buildings would not be adequate, said the Col.

Col Alba added:

"The scale of these structures (130 feet high plus penthouse) and proximity to the Ft. McNair perimeter wall (13 feet) would completely overwhelm the surrounding buildings, including the new Academic Operations Center [a multi-million dollar addition to the war college, already approved by Congress]. This is particularly offensive in view of the great effort that has been expended over the years to respect and protect the special historical character of Ft. McNair..."

Allowing construction of such disproportionate structures would trivialize decades of careful planning. Further, it would establish a precedent which would adversely affect the future character of Southwest Washington, D.C., at a time when a unified plan for the area is nearly ready [the Anacostia waterfront study due in June 1988].

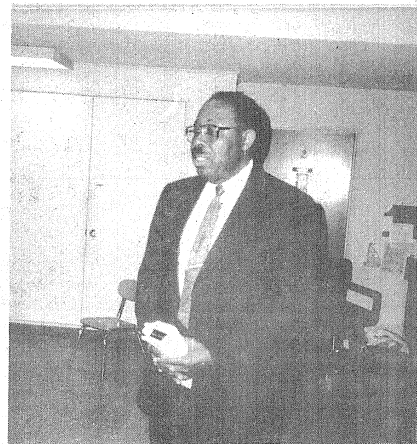

"We the people of Washington, D.C. have a very special role in preserving and maintaining our national and historical legacies. The National War College building, Roosevelt Hall, dedicated in 1907 by President Theodore Roosevelt, is ...indeed a national treasure. If we are to allow a commercial and residential development to occur as proposed, we would be irresponsible in the preservation of one of our nation's most historic and treasured legacies."

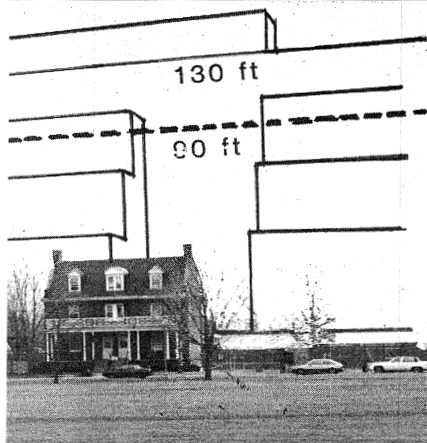

The SW/SE Advisory Neighborhood Commission (ANC 2D) has voted to oppose the application of Riverside Associates asking the D.C. Zoning Commission to permit very tall buildings on 8 acres on Buzzard Point.

Willie Lloyd Reeves, vice chair of the ANC, summarized the ANC opposition - "We are concerned about the inundation of traffic. We are concerned about the noise factor...We want to see that area developed in a comprehensive manner...We want training in some kind of skills and job opportunities for our residents."

As to the height of the proposed buildings,

Walter Lewis, a S.W. resident and attorney with Linowes & Blocher, attorneys for the developer, stated at the ANC meeting "By and large it is 110 feet and residential is considerably less than that. In one or

## Opposes Buzzard Point Project

The National Capital Planning Commission has voted to oppose a developer's request to permit 130 ft. buildings on the 8 acre Tempo C site at 2nd and R St. S.W. on Buzzard's Point. The site was recently purchased from the federal government by the developer, Riverside Associates.

The developer is asking the D.C. Zoning Commission to permit a Planned Unit Development (PUD) designation for the site to permit 1,394,000 square feet of gross floor area devoted to office, retail and commercial uses and 1,045,000 square feet of gross floor area devoted to residential uses. "The proposed development would have floor area ratio (FAR) of 7.0, a lot occupancy of 78.8 percent, a maximum height of 130 feet and parking for 1,896 vehicles," according to the NCPC.

The NCPC report opposing the plan states in part:

"...the proposed Capitol Point development, to contain 2.5 million square feet of floor area in three enormous 130-foot-high buildings on a site immediately adjacent to Fort McNair, will completely overwhelm the small scale, historic character of this extraordinarily significant Federal installation."

"Appropriate development guidelines" for the site should be more like those for the National Defense University Library

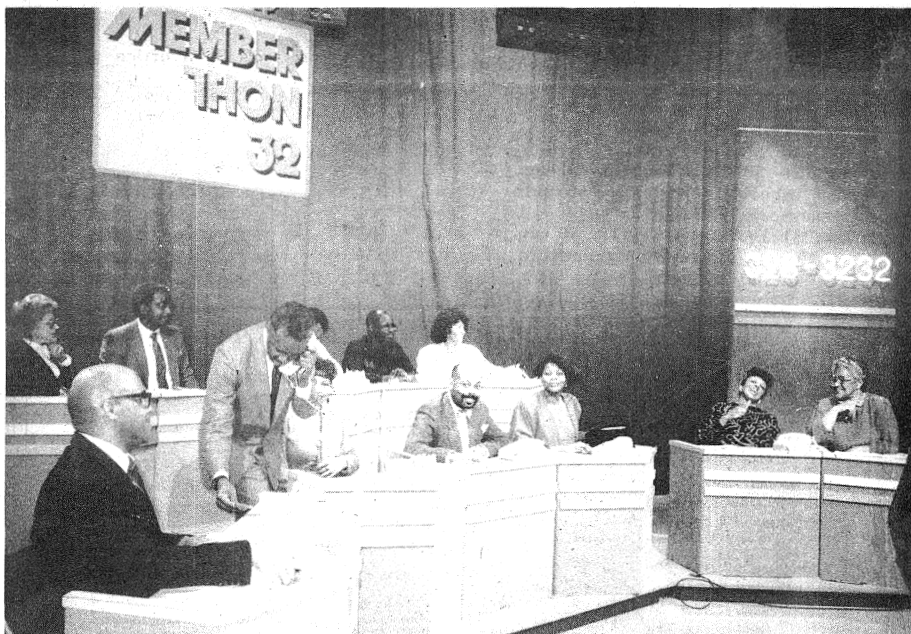

building to be constructed on the old Tempo A and B sites immediately south on 2nd St. from the Tempo C site.

"After a lengthy review process, the Commission approved the design for the National Defense University Library building at a height limited to 79 feet and with a required setback of 70 feet from the Fort McNair wall," states NCPC.

The history of Ft. McNair is described by NCPC:

"Designated a military post in 1791 by Pierre L'Enfant and originally established strictly for the defense of the Federal City, Ft. McNair has also served as the site of the Penitentiary where the Lincoln assassination conspirators were tried and executed and the general hospital where Walter Reed's research led to control of malaria.

"In 1903, as a direct outgrowth of the McMillan Commission plan, the fort was redesigned by the architectural firm of McKim, Mead and White into a Beaux Arts campus-like setting for the new Army War College. This magnificent master plan centers on its enormous parade ground, which is symmetrically framed by relatively modest buildings on the north, east and west, while the imposing War College Building, the focal point of the entire composition, occupies the dominant position at the south end of the post."

## SWNA Helps WHMM-TV

"Member-Thon 32, may I take your pledge?" was the appeal to WHMM fans on March 6 when 12 volunteers representing the S.W. Neighborhood Assembly helped kick off the membership drive at WHMM-TV.

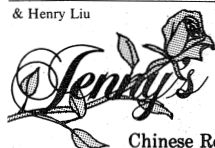

More than \$6,000 in telephone pledges were taken during the four hours that SWers answered the phones in TV studio C on the Howard University Campus.

Volunteers were SWNA President Willie Lloyd Reeves, VP & Coordinator Thelma

Jones, Gregory Brown, Bette Burgess, Michael Campbell, Kenneth Gadson, Isabella Gelletich, Charles and Iona Hargrave, Anne Naruta, William Stackhouse and Stephanie Terry (who won the WHMM-32 tote bag full of the station's memorabilia).

The Southwest volunteers persuaded entrepreneur and WDCU-FM on-air-personality Peter Woolfolk and WHMM air personalities Gayle Jessup and Tammy Drummond to speak at sessions of the S.W.N.A. summer youth training program.

Ms. Melvin is a graduate of Coolidge High School and will be an assistant to Ms. Washington in working with our female self-esteem groups at Bowen and Amidon Elementary Schools.

## KGL Basketball Courts Without Lights For Nine Years

Greenleaf OSAY staff is urging it's community residents to help address the ongoing problem of nine years without lights at the highly used basketball courts at King Recreation Center.

The basketball courts were renovated back in 1983 without the lights being attended to. Kids and adults of all ages use the courts year-round, especially during the summer months. But community basketball leagues have to stop their games because of darkness. To say the least, lighted basketball courts would drastically help our situation at 203 N St SW.

Residents should write their Ward 2 Councilmember or the Dept. of Recreation concerning the matter.

## Churches Hold AIDS Conference

by Blanche Evans

The spread of AIDS has been a devastating experience and its spread among heterosexuals is causing more people to get involved.

A group of Southwest churches sponsored a seminar and learned that volunteers are desperately needed. Some organizations that can supply information:

**Caregiving in the D.C. Area**

Rusty Lynn 797-3541

**Episcopal Caring Response to AIDS (ECRA)**

Tom Suyam (W) 535-9898

Rev. Jerry Anderson - 836-8570

**Northern Va. AIDS Ministries (NOVAM)**

Tricia Rogers, M.S.W. - 751-5500

**Health Department Buddy Programs, P.G. & Montgomery Counties**

Charles Browne - 386-0348.

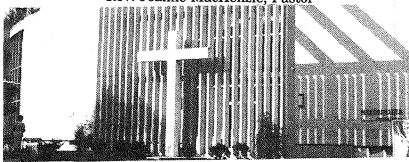

Facts on AIDS are available at libraries, health departments and the American Red Cross, or by dialing 1-800-342-AIDS for a taped message.

Stopping the threat of AIDS must involve everyone, for it truly affects everyone.

ANC 2D has written to the Mayor and the DC Council to make it easier to remove ANC Commissioners who do not attend ANC meetings.

The action was sparked by the non-attendance of Marion Harris and Marti Springfield.

(Marti Springfield Holman told **The Southwester** that she actively performs the duties of the ANC Commissioner for the area which elected her - east of Canal St. and south of N St. - helping with residents problems with the city. The ANC's evening meetings are difficult for her to attend since she had her baby, she said.

The two ANC 2D Commissioners, elected in November, 1986, have failed to attend a single ANC meeting since their terms began in January, 1987.

"Non-attendance at ANC meetings is a hardship to the ANC as an institution and to the affected SMDs," According to the letter the ANC sent the Mayor. "It is a hardship to the ANC which finds it more difficult, and on occasion, impossible, to achieve a quorum. It is a hardship on the residents when their Commissioner is not present to voice their concerns or communicate the ANC's actions back to them."

The other Commissioners say they have tried to encourage their two colleagues to come to the meetings. They have tried both informal and formal efforts, but nothing, they complain, has worked. The two absent Commissioners have not only declined to attend ANC meetings, they have also refused to step down as Commissioners.

Currently there is little that an ANC can do in a situation like this. Under District law, Commissioners can be removed from office only by means of a recall instituted by the residents of their Single Member District. The recall requires that someone obtains the signatures of 10% of the registered voters of that SMD on a petition.

ANC 2D believes another mechanism is needed to cover the current problem. The ANC is recommending that the DC Council amend the ANC law to provide for the automatic removal of Commissioners for consecutive or repeated absences.

The Council's Government Operations Committee, chaired by Betty Ann Kane, told **The Southwester** that it is looking into the problem.

## S.W. Festival Is Part Of Riverfest June 5

With the Potomac Riverfest '88 coming to the S.W. waterfront Saturday and Sunday June 4-5, the S.W. Festival of the Arts will not be able to hold its customary arts and crafts and food booths the first Sunday in June, but will work with the D.C. Recreation Dept. in a number of activities along the waterfront park and seawall from 6th St. S.W. to Ft. McNair and the Titanic Memorial.

Mary Ann Bailer has arranged for the Police "Side-by-Side" band and other excellent entertainment on the stage in that area on Sunday.

Local organizations are encouraged to plan information booths and displays for the area. The S.W. Festival of the Arts committee is also recruiting volunteers to assist the Recreation Department with the two day fishing clinic along the seawall toward the Titanic Memorial and volunteers to help with arts and crafts for children.

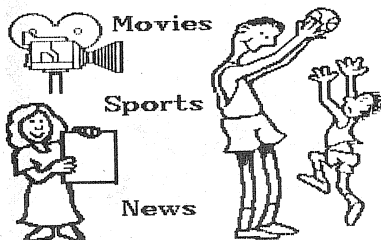

Volunteers can drop by at committee meetings Wednesdays from 6:30 pm to 7:30 pm downstairs at St. Augustine's Episcopal Church, 6th and M St S.W. or call Barbara Erlich evenings 554-2487.

Spaces for food vending and arts and crafts booths during the two day Riverfest are assigned near the restaurants by the Riverfest committee, not the S.W. Festival of the Arts committee.

ANC vice-chair Lloyd Reeves asks S.W./S.E. groups interested in performing at Riverfest to call the ANC office 554-1795. Reeves is on the executive committee of Riverfest.

## Blessing of Fleet May 15

The annual parade of boats and "Blessing of the Fleet" on the Southwest waterfront is at 1 pm Sunday May 15.

Spectators can watch from anywhere along the sea wall or the Gangplank Restaurant outdoor deck as the yachts and sailing vessels line up and parade by as the official opening of the sailing season.

Several members of the local clergy will be aboard the vessel "Finished Business" to bless each of the boats in the parade. Judges will be Councilmember John Wilson and his wife Bonnie, Ron Britt, Dorothy Leonard and Leon Schertler of the sponsoring organization, Waterfront

Washington Association (WWA).

Co-chairs of the event are Marsha Crossley and Marty Clune.

## CHAPEL AT MT. VERNON PLACE CHURCH OPENS

The Wayside Chapel at Mt. Vernon Place United Methodist Church (900 Massachusetts Ave. N W across from the D.C. Convention Center) will be reopened Sunday, May 8 at 12:15 with a dedication service following the 11am worship service.

The little chapel - opening on the Massachusetts Ave. side - was built in the late 1950s and was closed after the 1968 riots.

Restoration was made possible by Bertha Wiseman in memory of her husband Carl Wiseman.

Pastor Andrew Gunn commented on the church's recommitment to serve the community with a place where anyone can stop during the day for a moment of prayer and quiet spiritual nurturing.

## Call 727-3962 To Tow Away Riverfest Violators

Don't call 911 if someone is blocking your driveway, fire hydrant or private parking lot during Riverfest.

JUST CALL 727-3962, and a police tow truck will come to remove the offending auto.

That is the good news for Southwest residents who have suffered from inconsiderate Riverfest visitors in past years.

This number will be manned at the First District Police Headquarters on 4th St. S.W. from 8 am to 11 pm Saturday and Sunday, June 4, 5.

Police barricades will also be placed around to protect condominium court parking areas and private lots from unauthorized cars.

After that weekend, the number will no longer respond to motor vehicle problems.

### Club 4 City Champions

Unselfishness and determination enabled this year's 16 and under basketball team at Club #4 (now called Club 1-D-4) to overcome many barriers surrounding the season.

Having to face Club 5-D-9 for the first round of the playoffs (who in regular season play had beaten Club 4 by 11 points) was the first task.

Playing with confidence, David Carson, who plays point guard, made assist after assist along with great rebounding from Leon Shannon and John Stuckey, enabling them to beat Club 5-D-9 by a score of 92-78.

This advanced Club 4 to the city championship against Club 5-D-9 (which had also beaten Club 4 by 11 points in their earlier meeting).

The match-up between these two teams was even, with a slight edge towards 1-D-4's guards.

Jerome Martin and David Carson worked in perfect harmony in the back court, with David Carson passing the ball to Jerome Martin, who took the ball inside at will, scoring lay-up after lay-up. When the inside lanes were cut off, the ball was passed down low

to John Stuckey, who played center, who scored in the low post. Leon Shannon and David Burno controlled the front court.

The game stayed close for the most part, but in the fourth quarter, with splendid play from our bench by Sean Coates, Quintin Pitts, Gaylord Frazier, Gay Howard, Frances Jones, and James Gaines enabling the starting five to get some rest. When the starting five returned to the lineup, they gained an eight point lead with less than two minutes in the game, and 1-D-4 went on to win the game 88-82.

The season ended with a record of 20-2 which brought the Division Championship and the City Championship to Club 1-D-4 and Southwest/Southeast.

The 16 and under team was coached by Officer Samuel Parry, Jr., who always told his players that he can teach them the game, but they had to take the floor and play the game as a team, as one.

## Anacostia River Development Possibilities

The development opportunities along the north side of the Anacostia River from the 11th St. bridge to Ft. McNair and the Potomac River are illustrated in the map, above. It is Figure 11 in the April 1988 report of "Phase I: Development Opportunities and Constraints" prepared for the Federal City Council (a non-profit group of 125 "top business, professional, educational and civic leaders active in promoting community development.")

The report points out that construction on the federal land in the area is not subject to District of Columbia government control. The Navy Yard and the adjacent "Southeast Federal Center" are planning "intense office development and redevelopment."

Privately owned land is east of South Capitol St. up to M St. S.E. and east of Ft. McNair in the Buzzard Point area. The report states: "The large-parcel [private] owners have expressed the desire to develop their land and seem to have the ability to do so." (p. 3,4)

Miscellaneous quotes from the report follow:

"Anacostia's ability to capture a portion of this market growth is dependent upon the image, character/amenities and level of investment into the area. Under current conditions there would be very little demand for the area, but given major improvements, Anacostia could become an attractive sub-market within the metropolitan area."

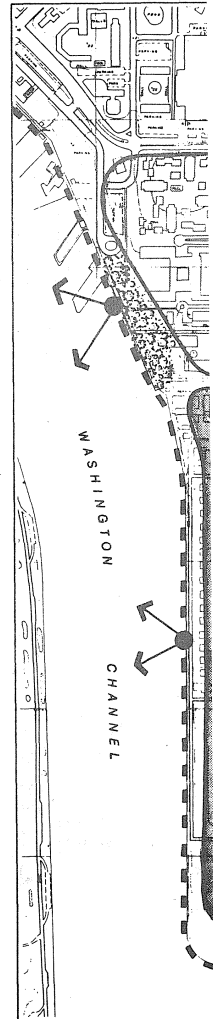

"...considerable investment in infrastructure and amenities can make Anacostia competitive with suburban space."

(p 7 Appendix A)

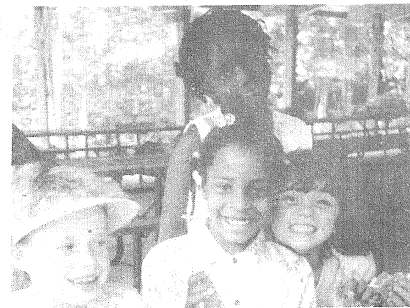

"Anacostia could absorb 100 to 500 [housing] units annually depending upon investment...Rents of around \$1 a square foot which would undercut the more prestigious Georgetown/Dupont Circle and Capitol Hill markets could be realized, given moderate levels of investment."

(p. 8 Appendix A)

"Development takes time with public sector investment generally followed by office space. Residential and retail tenants come last and are the most difficult uses to attract." p 17 Appendix A)

## Gamble, Connecticut Win

The Washington Post carried an AP story about Southwest resident Phillip Gamble's latest success as a college basketball player:

NEW YORK, March 30—Phil Gamble came through with a season-high 25 points for Connecticut tonight and the Huskies defeated Ohio State, 72-67, in the championship game of the 51st National Invitation Tournament.

Gamble, a junior out of All Saints High School in Washington, D.C., was named the tournament's most valuable player. He hit five three-

pointers and combined with Tate George to lead a second-half surge that carried Connecticut to its first NIT title in seven tries.

"We told Phil last summer that we made a mistake when we ignored the three-point line," Connecticut Coach Jim Calhoun said. "He struggled at first with his shooting, but he came back to make the starting lineup and wound up averaging 15 points for us."

"Coach told me to practice from the NBA distance and that would make it easier to shoot from the college distance," Gamble said. "In the preseason games, I couldn't get a shot to fall, but I kept trying and finally became a starter."

Dr. Reed Tuckson

The D.C. Health Commissioner told the police advisory council for Police District #1 about his department's efforts in the AIDS crisis.

Education is important, he said. People must adjust their sex practices to become safer.

Sharing needles by IV drug users spreads AIDS. The Department gives out free vials of bleach to encourage addicts to sterilize their needles.

At the next meeting of the advisory council June 7 at 7:30 pm Audrey Rowe will explain the Mayor's Youth Initiative Program.

## Fines For Litter Violations

## Delores Washington

Delores Washington, who passed away recently, is shown with her son Tony after his graduation from Coolidge High in June 1987. Tony wrote the following in her memory:

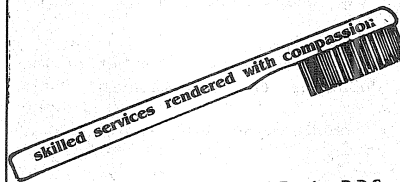

This is a story I want to tell.  
It's about my mom and the way she cared.  
My mom past away without a choke.  
When she left me my heart was broke.  
I said to myself, I got to be strong.  
I would be by my mom on every moan.  
If you would see my mom walking to the store,  
She would say Hi first, and say no more.  
I love my mom and I love her to death.  
She is always there to give you help.  
My mom was sweet.  
If I was cold,  
She would give me heat.  
Just like Santa Claus coming down the chimney,  
My mom was nice and had no enemy.

This is a poem.  
This is not a rap.  
God Bless my mom  
As she naps.

### Response to AIDS

The Caring Response, of which St. Augustine's Episcopal Church is a member, has received a grant from the Whitman-Walker Clinic and the Human Rights Campaign Fund to provide volunteer respite care and support for children infected with the HIV AIDS-virus, and their families.

Friends and members of St. A's are also volunteering to staff the office daytimes during the week.

### Wes Long Auctions At Embassy

Wesley Long, resident of G St. S.W., served as auctioneer for the Paul Hill Chorale's gala fundraiser, which was held at the West German Embassy on Reservoir Road.

The event, which also featured Channel 4's Arch Campbell as Master of Ceremonies, raised well over \$20,000 for the Chorale, which is one of Washington's premier choruses.

Long, who serves as a member of the D.C. Public Service Commission and shares ownership of Architectural Artifacts, Inc. in Eastern Market with his wife Penny, peddled a Japanese kimono, a '60s doo-wop rock group, Redskins tickets, pens used by Lyndon Johnson, and a visit to San Francisco with equal aplomb.

A seasoned auctioneer, Long has run the auctions for the Southwest Festival of the Arts for many years.

## Dick Conlon in Sail Boat Accident

Richard P. Conlon, who died in a boating accident recently, had just been honored a few days before at a reception of Congressmen, staff and friends for his 20 years as Executive Director of the Democratic Study Group, with offices in the Longworth House Office Bldg.

A song to the tune of "This Land Is Your Land" was sung by the group:

### CHORUS:

This man's been your man  
This man's been our man  
From Rural Iowa to Minnesota  
From Minneapolis to the Halls of Congress  
Dick's been the man for DSG.

### VERSES 3 & 4:

To change the rules and to dump some chairmen  
To stop the war and reform our taxes  
From campaign finance to gulf reflagging  
Dick's been "The Force" at DSG.

So thanks to Conlon the backstage stalker  
From cub reporter to Longworth scion  
For twenty years now, he's fought to make us  
The best that the House can really be.

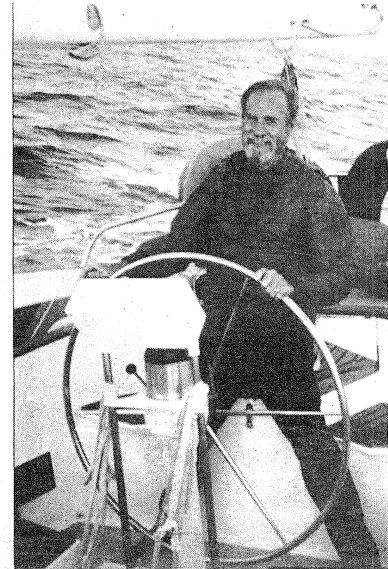

Photo of Dick Conlon used on the invitation to a reception in his honor June 15.

## Mock Space Station Might Be Built in S.W.

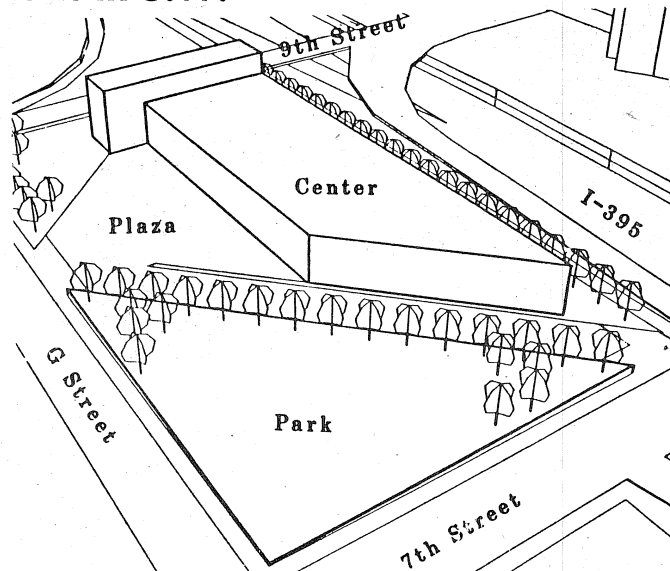

An 11,000 square foot mock-up of a space station in which students and teachers could live for several days has the support of Mayor Marion Barry for construction on Parcel 76, the vacant land north of Jefferson Jr. High's playing field on 7th St. S.W.

The \$16 million building would be called the **Challenger Center For Space Science Education** and would include a 15,000 square foot visitor center with exhibit area "with hands-on exhibits."

The mock-up "Space Life Station" would "simulate conditions on board a space station...Elementary, middle school and high school teachers and their students will reside for several days, conducting experiments and routine life support functions."

Sen. Jake Garn of Utah, who has 18 Senators cosponsoring his bill for a federal charter incorporating the Center, is expected to move an amendment to the NASA appropriation bill to help finance the Center's program.

Besides the center in Washington, the families of the 7 crew members of the Challenger space shuttle are proposing a Mars Base in Houston and four other Mission Sites and smaller versions called Affiliate Sites that may eventually number 50 in 10 years.

## ANC Meets

The monthly meeting of SW/SE Advisory Neighborhood Commission 2-D will be Wed. July 6 at 7:30 pm at 400 I (Eye) St. S.W. instead of the first Monday of the month.

## ANC Opposes Building On So. Capitol St. Strip

The SW/SE ANC 2D has told the D.C. Board of Zoning Adjustment not to give special permission for building three new stores between M and N St. S.W. along So. Capitol St. S.W.

Wynmark Development Corporation is asking to eliminate the rear yard requirements of the Zoning Regulations. "Due to the narrow width of the lot, the Applicant is not able to provide the required rear yards and thus requests an area variance," says Wynmark.

Reasons given by the ANC for its opposition are:

"No change should be allowed in current zoning until the comprehensive plan is completed; approval of this application would amount to piecemeal planning

(2) There are already enough fast food restaurants along South Capitol St. and allowing more would turn it into a fast food corridor

(3) Traffic is already congested at this intersection, and this development as

currently designed would worsen traffic flow

(4) the commercial viability of this project is in doubt raising the question of what would happen to the site (and the community) if the project failed.

Wynmark describes the project as follows: "The proposed project will be a retail center consisting of three separate buildings, each ranging from 3,488 to 4,858 square feet in size. The project will contain retail uses such as a neighborhood convenience store, dry cleaner and a pharmacy. There is a current absence of such facilities in the neighborhood."

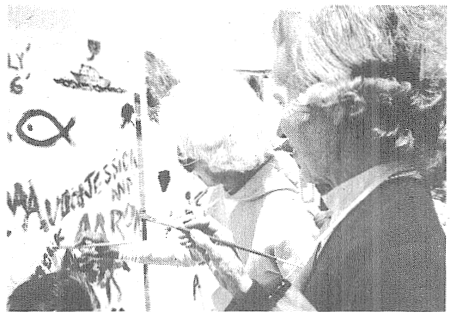

"Each building will consist of one story, with a maximum height of 24 feet."

"The three buildings will front on South Capitol Street. Vehicular access to the proposed project will be available from a service road off of South Capitol Street. Additional ingress and egress will be provided from the alley in the rear of the project."

"The applicant is providing 25 spaces, 20 of which will be standard sized and 5 compact. The proposed parking for the project is more than adequate to meet the needs of all three structures."

The stores would be between So. Capitol St. and the row of privately owned 2 story townhouses along Carrollburg Place.

### I REMEMBER YOU (PAPA)

It seems like only yesterday when I last saw you.

I remember your walk, your talk, your every move.

I remember the fun we had in junior high; those days of marching in the band, going to parties and hanging out in the arcade.

I remember the laughter you had while walking to the basketball court.

I remember the way you helped when I was in trouble.

I remember the way you listened when I needed a friend.

But most of all I remember you as the brother I never had.

Although you have departed this cruel world, I will always remember you, PAPA, as the one who will live in my heart forever.

## River Park Seeks Lost Neighbors

River Park Mutual Homes is seeking former residents for a celebration of its 25th anniversary October 14-16.

River Park was the first housing to up in Southwest under the urban renewal plan of the late 1950s and early 1960s. As part of the anniversary weekend, historians, authors, and urban planners, as well as several government officials who were involved in the plan, will participate in panel discussions about River Park and Southwest—past and present.

The weekend will also feature a tour of historical points of interest in Southwest in which people will be encouraged to visualize how the community looked at different points in the past. A photo exhibit will compare the Southwest of today to the pre-urban renewal community.

The D.C. Community Humanities Council has contributed a grant of nearly \$5,000 to the event, and Reynolds Metals Company is sponsoring a commemorative booklet that will be distributed during the weekend.

Anyone who knows the whereabouts of former River Parkers should contact Al Rosen at (202) 554-0351. River Park is also inviting its neighbors in Southwest and anyone else who is interested to participate in the anniversary events.

## Sgt. Major Knauss Honored

- from the D. C.

### Public School's Volunt-EAR.

Everyone at Syphax Elementary School and everyone in the southwest community knows Sergeant Major Walter Knauss. Knauss, who is Post Sergeant Major (assistant to the Post Commander) at Ft. McNair, has been liaison for the partnership between the Military District of Washington (MDW) and Syphax since 1985. He has also been an active volun-

teer at Syphax since the partnership began in 1983.

Under his leadership, the MDW-Syphax partnership has been one of the most active and successful in our extensive partnership program.

Each year Knauss has recruited about 40 volunteers who serve as tutors and field trip chaperones. As a direct result, reading and math scores have gone up and students' horizons have been widened

greatly. He has helped the school obtain buses for trips, spurred volunteers to start a school newspaper and coordinated dozens of special events at the school and on the Army base.

At least one class at Syphax goes on a field trip with MDW volunteers every week. Recently, students have enjoyed concerts at Constitution Hall plus visits to *The Washington Times* and Andrews Air Force Base.

Last year, when the Sergeant Major decided that Syphax students should cel-

brate the bicentennial of the Constitution, he raised \$2500 from community organizations to pay all costs of a two day trip to Philadelphia. He and several teachers took the entire sixth grade, many of whom had never been away from home before. This year he saw to it that the entire sixth grade went to New York.

To pay tribute to this outstanding volunteer, who is retiring shortly, the D.C. Public Schools sponsored a special musical celebration in mid May at Ft. McNair.

## Donate To S.W. Fund

College students living in Southwest are hoping that residents will be generous in returning contributions for the Southwest Scholarship Fund in envelopes left door to door recently.

Funds collected will be awarded to 17 applicants who have been interviewed by the Scholarship Committee of the Southwest Neighborhood Assembly. All contributions are deposited to the bank account of the S.W. Community Council, Inc., the 501(c)(3) arm of the S.W.N.A. that permits you to deduct a charitable contribution on your income tax. Checks will be paid out directly to the students.

Awards will be made at a program and reception at 4 pm Sunday, August 7, at St. Augustine Episcopal Church 600 M St. S.W. The public is invited to cheer the students on.

Checks can be mailed to:  
Southwest Scholarship Committee  
P.O. Box 70481  
Washington, D C 20024-0481

or dropped off at the S.W. Branch Library.

## Jefferson Students Raise Funds For AIDS Education

Ninth Graders at Jefferson Jr. raised funds to help finance an educational play about AIDS.

The students raised \$1,000 selling food during school hours - particularly popcorn at lunch time. They also administered a class photography project.

The money was matched by another \$1,000 from the Community Foundation of Greater Washington, Inc. and donated to the Latinegro Theatre, which performs an educational play about AIDS at junior and senior high schools.

The foundation reported, "Through this play the ninth graders faced uncomfortable facts about AIDS, an epidemic which will affect the rest of their lives."

## United Way Under Way

The Department of Transportation (DOT) and the Environmental Protection Agency (EPA) are two federal agencies with headquarters in Southwest D.C. that regularly start strong and go over the top in the annual Combined Federal Campaign charity drive.

Slogan for the United Way Campaign is "IT BRINGS OUT THE BEST IN ALL OF US."

In 1987 some of the best increases over 1986 were made by EPA (17.6% over 1986), HHS (11.6% over 1986), and NASA (10.3% over 1986).

## Airlines Claim Residents Not Bothered By Noise From National

Of 250 Washington area residents living "within the National Airport noise corridor" surveyed by telephone last July, 44% said they were "not bothered at all" at night or early in the morning by the noise at National Airport, according to the Air Transport Association of America.

35% said they were bothered a great deal or bothered some. 22% said they were bothered only a little.

D.C. Councilwoman Betty Ann Kane strongly disagrees with the airlines.

Mrs. Kane interprets the survey as showing that 10,000 people are disturbed by the noise at National Airport.

Mrs. Kane is chair of the Noise Abatement Committee of the Council of Governments that wants tighter restrictions on airline flights at night.

When asked the question:

"Now, finally, from your personal knowledge, would you say that over the past few years the noise at National Airport has gotten better, gotten worse, or stayed about the same?" the answers of those "within the noise corridor" were:

BETTER	14%	SAME	58%
WORSE	20%	NO OPINION	8%

## Carl Holman 1919-1988

Congressman William H. Gray III, Chair of the House Budget Committee, put this tribute to Southwest resident Carl Holman in the Congressional Record.

HON. WILLIAM H. GRAY III  
OF PENNSYLVANIA  
IN THE HOUSE OF REPRESENTATIVES  
Thursday, August 11, 1988

Mr. GRAY of Pennsylvania. Mr. Speaker, on the evening of August 9, 1988, the District of Columbia, black America, and indeed the Nation, lost a shining embodiment of human decency, dedication to principle, and loyalty to a cause.

We suffered that loss with the passing of Carl Holman.

Carl Holman was president of the National Urban Coalition for two decades.

During those years, he not only had a keen awareness of the unfolding of a more just and a brighter America, indeed, he was instrumental in bringing that new America about.

From his role in the civil rights movement to his time in the White House; from his reputation at the U.S. Civil Rights Commission to his involvement in the struggle against apartheid, Carl Holman was an unfailing adherent to fairness and principle.

Carl was not one to promote himself, Mr. Speaker; and so he often downplayed the degree of courage and bravery that underlay the choices he made during his 69-year life.

But there are countless prominent black men and women who today function at the highest levels of economic and political life in America, thanks to the efforts and determination of Carl Holman.

Equally importantly, there is an even greater number who today can take certain basic rights and dignities for granted thanks to all that Carl Holman worked for.

Carl made the path easier for us all to be full participants in the promise of America.

For that we are indebted.  
For that we are grateful.

## Social Security Will Tell You What Size Check To Expect When You Retire

Anyone who is having social security taxes deducted from his or her pay check can get an estimate now of how big a social security check they will get when they retire.

A sample worked up by Social Security is for a person who was making less than \$6,000 a year in the 1960s and is making \$23,000 a year now and until they retire. The forecast was:

**If you retire at 62 your monthly benefit will be about \$730.**

**If you work until age 66 your monthly**

**benefit will be \$970.**

**If you work until age 70, your monthly benefit will be \$1,285.**

The report also estimates the monthly check your child and spouse would receive if you died this year - in the sample, \$605 each.

The reason this new report is being used is that workers are not carrying enough insurance and personal savings, expecting social security to give them a check large enough to live on.

If you call toll-free 1-800-937-2000 Social Security will send you the form to fill out so you can ask them to estimate your future Social Security check. The person answering the phone knows what form you are asking for.

You CANNOT get this report if you are already age 65, or never worked where they deducted social security taxes or only had Medicare tax deducted (government workers).

## College Scholarships Given

Seventeen college students living in S.W. received gifts from their neighbors of \$400 apiece to help pay their college expenses.

The awards were made at a ceremony at St. Augustine's Episcopal Church.

In memory of Diallo Evans, son of Delores and Ben Evans of R.S.V.P., a special award

was made to Lisa Matthews, an outstanding student at St. Augustine's College in Raleigh, N.C.

Funds for the scholarships were raised by the Scholarship Committee of the S.W. Neighborhood Assembly by beverage sales at the S.W. Festival of the Arts and by return envelopes distributed door

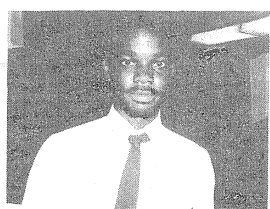

to door in S.W.

The students put on a humorous skit, ending in a chorus line of "This Little Light of Mine." The students did hours of work assembling and distributing door to door solicitation envelopes.

Runners-up for the Diallo Evans award were Sergio Rozzelle, Geoff Weiss, Jerusha Gomes and Darryl Brewer.

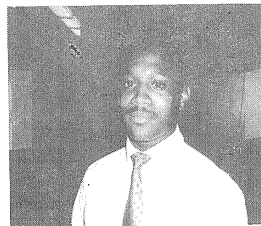

Patrick Jones was on the All Metro High football team while at Archbishop Carroll High and attends Bloomburg University in Penna.

## Capitol Park Celebrates Anniversary

An outdoor celebration marked the 15th anniversary of the group of townhouses north of Eye St. S.W. known as Capitol Park Condo #2 and #4 and the 30th anniversary of the apartment house at 800 4th St S.W.

A fact sheet gives historical information, including this:

"The first building to go up was Capitol Park Apartments (800 Fourth Street S.W.) in 1958. The Capitol Park II townhouses were constructed in 1959-61, followed by Capitol Park Towers (301 G St. S.W.) in 1962.

"In 1962-63 the townhouses in Capitol Park IV were erected. Capitol Park Twin Towers (101 and 103 G St. S.W.) was next, and the final construction was Capitol Park Plaza (201 I St. S.W.) completed in 1965.

"The five high-rise buildings contain 1,339 units and the combined total of town houses in CPII and CPIV is 401. Capitol Park has the largest number of units in the residential housing of Southwest.

"Capitol Park originated as a rental community with 10 different town house models from studio apartments in two-house units to four-bedroom houses. There are also numerous apartment floor plans in the five high-rise buildings.

"In 1973 the two town house sections were sold as condominiums, thus making this year the 15th anniversary of Capitol Park II and Capitol Park IV Condominiums."

## No More "GO-GO" At R.S.V.P.

Ben Evans of R.S.V.P. met with ANC and SWNA officers and police representatives to discuss recent shootings in the street and parking lot nearby late at night when a GO GO concert attracted large crowds of young people.

R.S.V.P. will not have GO-GO concerts, will still have DISCO, and will have a Sunday evening moratorium until a new format is decided upon.

The police will increase security in the area on Fridays, Saturdays, and holidays including blockading the street after 11 pm if necessary.

**Louise Paris Dies**

Louise Moore Paris of L St. S.W. departed this life suddenly at Capitol Hill Hospital.

She was very active in her community and served as President of the Greenleaf Garden Annex, organizer of the summer youth festivities and block party, member of the Parents Club, and participated in the Special Project for S.W. Revitalization Program.

Wallace S. Parry of Greenleaf Gardens OSAY wrote the following in her memory:

**A FINAL SALUTE  
TO A COMMUNITY HERO**

On Friday, August 12, 1988, the Greenleaf community lost a hero. Mrs. Louise "Lou" Paris passed, leaving behind seven wonderful children and two grandchildren to spread the love and understanding she left behind.

Ms. Louise, as she was known to the siblings in my family, was the pride of "L" Street, located in the Annex of Greenleaf Gardens. She was the president of the resident council within the annex and the founder of the annual "street festival" on "L" St.

But Ms. Louise was far more than just a community activist. Yes, she had a God given talent that blossomed whenever she spoke.

As I sat in the church listening to the preacher eulogize Ms. Louise, I wondered what was this talent that she possessed which had a great effect on myself and many of my peers.

It finally hit me during the preacher's last words. He said that Ms. Louise carried a true love for everyone she has come in contact with, "in spite of." This is what made Ms. Louise a hero because she had open arms for everyone in spite of. Not only did she cook for all, but she always understood one and listened to one when times were hard.

Ms. Louise's garden of love will be missed so ever much in the Greenleaf community, but will spread, in spite of.

## WWA On

Chris Hendricks, vice president of Waterfront Washington Association, emceed a group of speakers on the Southwest waterfront aboard the Spirit of Mt. Vernon.

George Riseling, Chair of Waterfront Washington Association, described areas along the waterfront still to be developed. Temporary parking southeast of Hogate's Restaurant is reserved for Cannon and Glasgow to establish a seafood market. Competition from the Municipal Fish Pier makes that unlikely. Temporary parking southeast of 700 Water Street restaurant was to be the site for a specialty restaurant, but the developers are probably in default.

Southwest of Channel Inn/Pier 7 Restaurant will be developed by that firm. Colonial Parking, which owns the property where the Spirit of Washington operates, will complete the 12 foot concrete walkway through that property and develop more parking.

Riseling also pointed out several large outlets from the city storm drain system, which dump debris into the Washington Channel when it rains. He suggested that cages over the ends of the drains could catch the debris and it could be removed after the rain.

The failure of the District government to carry out its promises of a smell-less refuse disposal system at the fish pier and control of the parking of large trucks there was mentioned.

Jeanne Fogle, historian and owner of a tour firm, told the story of the history of Southwest D.C.

Lt. Joseph Ruelas, of the D.C. Harbor Police, showed a picture of how the new Harbor Patrol/Fire Boat building will look and reported it will be open in March, 1989, or earlier. There will be slips for 7 boats. Seven personnel will be on duty at all times. The Harbor Patrol and Helicopter Patrol are under one command. There will be a helipad at the end of the pier with the new building.

Beverly Bandler of the Interstate Commission on the Potomac River Basin told of progress in cleaning up the Anacostia River. Its tributaries include Sligo Creek and the NW and NE Branches which are crossed by the I-95 Beltway. Bladensburg was once a main seaport with a 40-foot channel for ships going up the Anacostia.

Tom Rowan of Gangplank reported that his firm is now managing the Park Service marina formerly called the Ft. McNair Yacht Basin and now called the James Creek Marina. Under a 20-year lease, he will build a new 250-slip marina - tearing out the old docks dating from 1910.

Jim Hampton, former harbor master, is his marina manager.

Leon Schertler described hopes that OpSail 1992, the Christopher Columbus 500th anniversary in 1992, will bring tall ships to the S.W. waterfront.

Arena Stage was built before the Southwest waterfront restaurants which were to appear later along the Washington channel in the background in this picture. To the right of Arena Stage is the land that was cleared by the bulldozers so that Waterside Towers apartments and townhouses could be built and Riverside Baptist Church could be built at 7th and I St. S.W.

## Melvin Pickett Scores Against College J.V. Teams

Former Wilson High football star Melvin Pickett has been burning up the turf at New England colleges as a running back for Maine Central Institute's post-grad team.

Playing against college junior varsity teams, Pickett has impressed coaches with:

- a 75 yard touchdown run against Norwich University's J.V.

## Phil Gamble Featured

Phillip Gamble appears so many times in photographs and stories in the **BIG EAST Basketball Yearbook**, it could be called the Phil Gamble magazine.

## Hargrave Wins Award Again

C.W. Hargrave, chairman of the First District Citizens Advisory Council, Metropolitan Police Department, has won the **SPACE-SHIP EARTH AWARD** for NASA headquarters employees for the second time.

Mr. Hargrave received the same award a few years ago when he served on the SW/SE Advisory Neighborhood Commission and President of the S.W.Neighborhood Assembly.

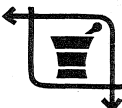

The award cites Mr. Hargrave's work for the council as follows:

In addition to his responsibilities as a Branch Chief at NASA, Charles W. Hargrave has served three 1-year terms as Chairman of the First District Citizens Advisory Council, Metropolitan Police Department Washington, D.C. His leadership and organizational abilities have led to a restructuring of the Council's monthly programs and a revitalization of the Council's mission and outlook.

He initiated a review of components of the criminal justice system in Washington, D.C., including presentations from the Chief Judge of the D.C. Superior Court, the Director of the D.C. Corrections Department and the Chairman of the D.C. Parole Board. He also instituted a series of awards for police, residents and organizations contributing to improved community / police relations. At his insistence, the First District Council developed a drug awareness program to better inform residents on the problems of drugs in D.C. He also serves as a member of the D.C. Police Chief's Advisory Council.

Charles' extraordinary and dedicated efforts have contributed to a better life for Washington residents through increased cooperation with and awareness of the criminal justice system.

## The Rule Of A Gang Is Fighting And Killing

It's usually the rule, in a savage pack,  
One morning there's no turning back.  
Power and manhood are tested.  
If your life is crime,  
You failed by being arrested.  
Get beat down the line, scared of stepping;  
Always watching your back, with your  
hand on a weapon.

You had to live life with hurry and worry  
But joining a gang means you want to  
be buried.  
It's either that or jail, 'cause there's  
no other place,  
And a mind is a terrible thing to waste.

Once your power is set, you've got to  
be stern.  
A bad influence for the young that are  
eager to learn.  
The rule of a gang is fighting and killing.  
Did you ever stop to think that was blood  
you were spilling?

Ducking from cops most of the time,  
'Cause you live a life devoted to crime.

Gangs are mainly based on colors and  
races.  
Not everywhere, just in particular places.

Some gangs like action, some like talk,  
Until their brains get scattered on the  
sidewalk.
